

1990 COUNTY BLOCK MAP (RECREATED): OKALOOSA County

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.
1 A place is considered a false MCD if it indicates that the place is also a false MCD.
2 In 1990, the crews-of-vessels population of ships at sea was allocated to coastal census tracts. This allocation is shown on maps by a small area symbolizing a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
3 A * following a block number indicates that the block number is repeated elsewhere in the block.
